ECOVORTEK
MADE FOR LIFE

“A Long Term Solution For My Lifetime Condition”

I've suffered eczema and dermatitis for as long as I can remember and, by age 22, it became even harder to handle. This was associated with extremely dry skin, which was aggravated whenever I took a shower.

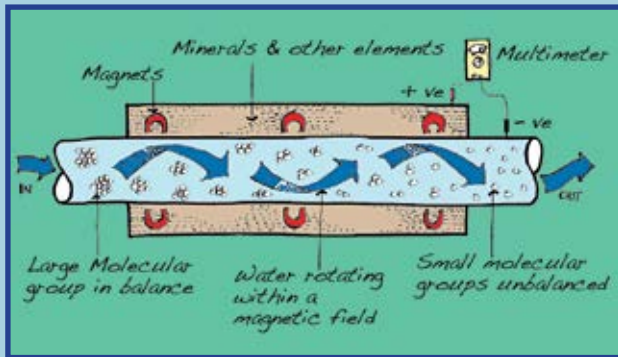

Countless dermatologists and naturopaths had only short-term solutions. I noticed that when I travelled interstate, my skin was never aggravated, and I realised the harshness of South Australia's water system was worsening my condition.

I approached my Dad about installing a water softener and a friend recommended an Ecovortek unit. The Ecovortek unit has done wonders for my skin, which has never been so soft and bearable in my entire life. I don't come out of the shower red, itchy and totally frustrated anymore. I can't believe how such a simple device has helped in such a big way. Even my hair is softer!

So thank you for this fabulous product, and for providing me with a long-term solution to my lifetime condition.

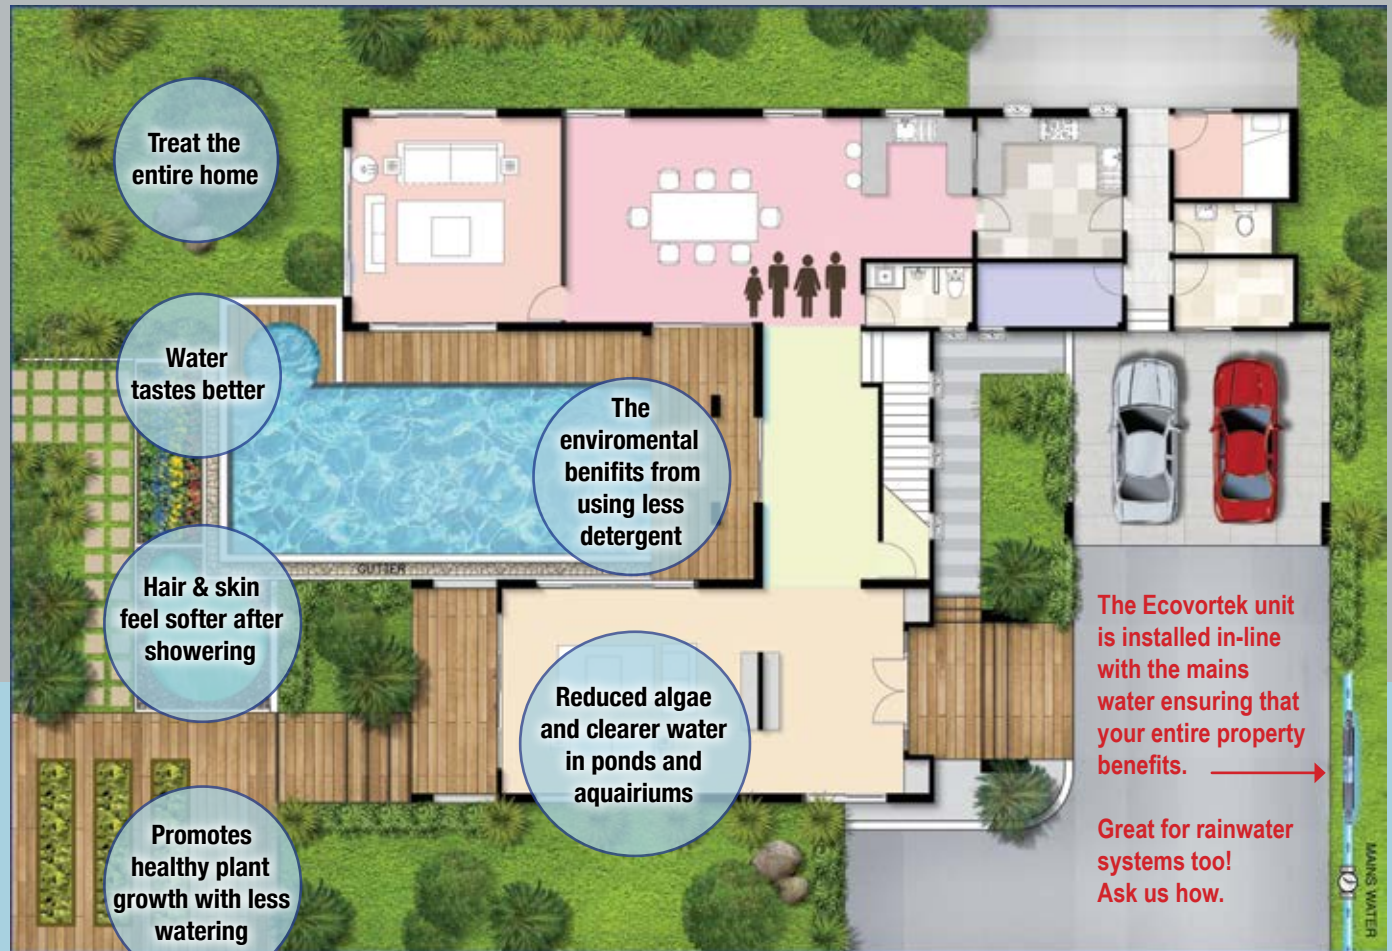

Shantal Hart. Mitcham South Australia

So How Does an Ecovortek unit Work?

The Ecovortek patented process spins water through a magnetic field to produce a natural electric current. This restructures the water inducing a natural vitality.

7 Compelling Reasons Why Ecovortek is the Best Water Solution for Your Family, Pets and Home

Appliances last longer and are more efficient without scale build-up

"We are so confident about the benefits you will gain from installing an Ecovortek unit, that we offer you a three month satisfaction guarantee... If you're not happy, simply return the Ecovortek unit for a full refund... No questions Asked"
